|------------------------------------|-------------|
| Subtotal                           | \$28,400.00 |
| WA sales tax — Mount Vernon (9.0%) | \$2,556.00  |

**Total Due \$30,956.00**

|                                             |             |
|---------------------------------------------|-------------|
| Deposit (50%) — due to secure install dates | \$15,478.00 |
| Balance (50%) — due at final walkthrough    | \$15,478.00 |

**PAYMENT**

Payment by **check** payable to Evergreen Epoxy Flooring LLC. Cards accepted with a 3.5% fee (card total: \$32,039.46). Solid color is a full-thickness material pour priced at our best commercial rate (\$16/sq ft vs \$20 residential), per consultation.

**LIFETIME WARRANTY**

This installation includes a **lifetime product warranty** and a **lifetime workmanship warranty**. Full terms are in the attached agreement, ready for signature.

**Friday, Sept 4**

from 6:00 PM (or earlier if clinic closes early)

Diamond-grind all floors and fully remove the existing coating; prep and detail edges. If the schedule allows, the moisture vapor barrier base coat will also be installed Friday night.

**Saturday, Sept 5**

Install moisture vapor barrier base coat across all areas (if not completed Friday). This seals the slab and ensures long-term adhesion.

**Sunday, Sept 6**

Install the color coat — full-thickness Ash Gray solid color pour across every area in the scope, including the bathroom.

**Monday, Sept 7**

Apply the high-gloss top coat over the entire floor — the durable, chemical- and scratch-resistant wear layer.

**Tuesday, Sept 8**

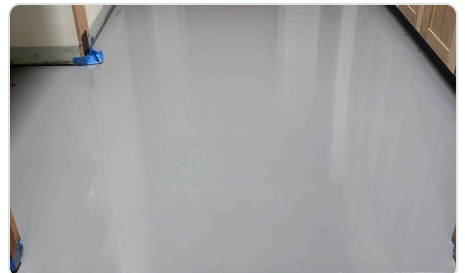

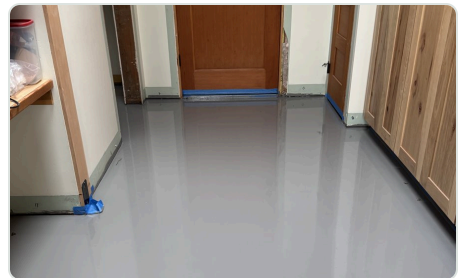

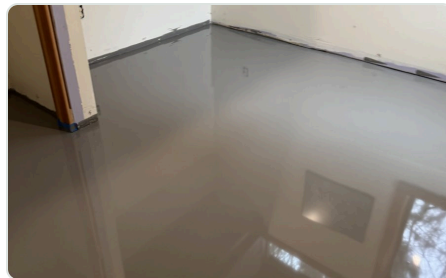

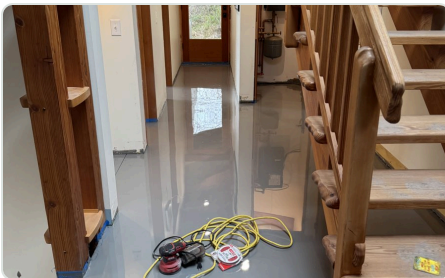

Floor ready for move-back-in. Final walkthrough with Cascadia Eye staff; balance due upon approval. Clinic reopens Wednesday, September 9.

**YOUR FLOOR — FINISH REFERENCE**
